flight case and cabinet components

BARRE RACK - vers. 12/2013

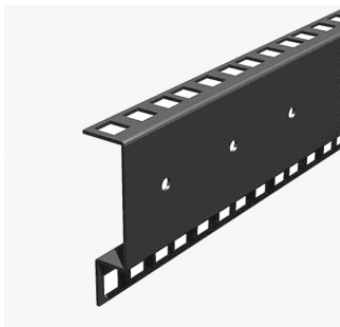

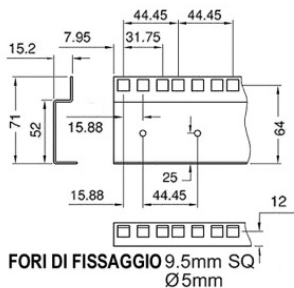

RK1652N

Profilo montante angolare in acciaio

materiale: Acciaio (2 mt)

finitura: Nero

peso: 600 gr/mt

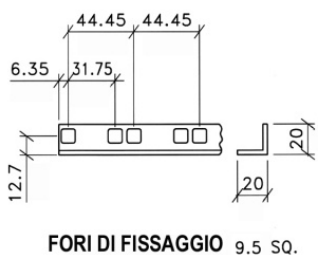

RK1644N

Profilo montante doppio in acciaio

materiale: Acciaio (2 mt)

finitura: Nero

peso: 1010 gr/mt

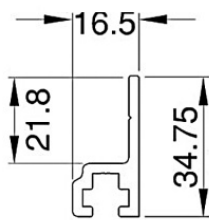

RK1622

Profilo angolare in alluminio

materiale: Alluminio (2 mt)

finitura: Grezzo

peso: 280 gr/mt

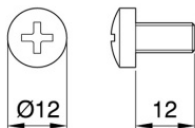

RK1632

Profilo montante in alluminio

materiale: Alluminio

finitura: Grezzo

peso: 460 gr/mt

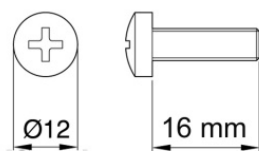

RK3601

Vite testa cilindrica 6MA-12mm per fissaggio dei pannelli. Lunghezza 12mm

materiale: Acciaio

finitura: Zincato

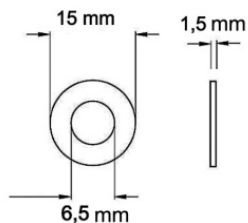

peso: 5 gr

RK3641

Vite testa cilindrica 6MA-12mm per fissaggio dei pannelli. Lunghezza 16mm

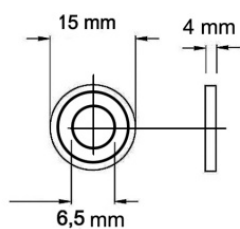

materiale: Acciaio
finitura: Zincato
peso: 6 gr

RK3651

Rondella antigraffio spessore 1,5mm

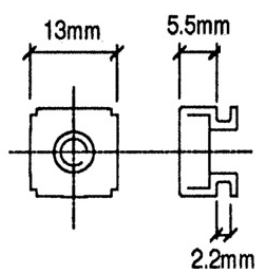

materiale: Plastica
finitura: Nera
peso: 0,10 gr

RK3611

Rondella antigraffio spessore 4mm

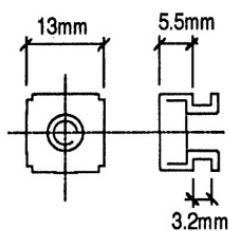

materiale: Plastica
finitura: Nera
peso: 0,16 gr

RK3621

Dado ingabbiato per profili in acciaio

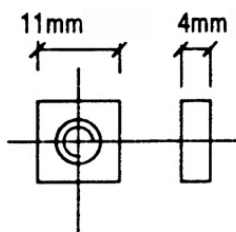

materiale: Acciaio
finitura: Zincato
peso: 5 gr

RK3631

Dado ingabbiato per profili in alluminio

materiale: Acciaio
finitura: Zincato
peso: 5 gr

RK3652

Dado quadro 6MA per montante rack

materiale: Acciaio

finitura: Zincato

peso: 4 gr
